Part One: General Policy Statement

The Ministry of Social Development (MSD) must ensure its legislative framework is fit for purpose. Under section 52 of the Public Service Act 2020, the Chief Executive of MSD is responsible to the appropriate Minister for supporting that Minister to act as a good steward of the public interest, including by maintaining the currency of any legislation administered by their agency.

In order to address the responsibilities outlined above, this Bill will:

- make minor policy changes to the New Zealand Superannuation and Retirement Income Act 2001, the Social Security Act 2018 and Veterans' Support Act 2014:
- make minor technical amendments to the New Zealand Superannuation and Retirement Income Act 2001, the Social Security Act 2018, and the Veterans' Support Act 2014:
- repeal the Family Benefits (Home Ownership) Act 1964 and section 190A of the Veterans' Support Act 2014.

These changes are minor in the context of the overarching policy settings of the systems of social assistance provided for under the Acts amended. The changes are intended to improve the provision of social welfare benefits and the functioning of the overall social security system. Some of the minor technical changes will address errors and omissions found in the Social Security Act 2018, which was a rewrite of social assistance legislation including the Social Security Act 1964.
